

Dear Community Partner,

I am writing this letter on behalf of the Youth Zone Jeunesse, at the City of Ottawa's Employment Services Branch, to express our sincere appreciation and gratitude for the partnership between our two agencies.

As you are aware, one of the primary objectives for the Youth Zone Jeunesse is to develop strategic partnerships with other agencies and services that support youth to prepare for, find, get and keep employment or training.

We realize that to reach our common goals –to help youth succeed at home, at school and in the workplace – we need to share ideas, resources and strategies.

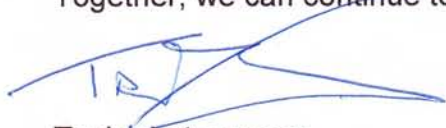

Our partnership with your agency, which continues to evolve and develop, has strengthened and expanded our capacity to reach-out to the community and to better connect youth to employment opportunities, supports and services.

Your collaboration with the Youth Zone Jeunesse, to help identify needs and to develop, organize and deliver a range of programs such as job fairs, mentoring, training and job placements, is having a real impact on the youth in our community.

I therefore want to acknowledge and recognise the importance of this outstanding working relationship, which truly represents "partnership at it's best".

We wish your organization much continued success and look forward to working with you on new projects and initiatives.

Together, we can continue to make a difference in people's lives.
